

# Week03 – linear programming

George McNinch

2024-01-29

In week 3, we will have a bit more discussion about root-finding (since our discussion last week was a bit hurried). Then we will begin discussion *linear programming*.

The homework assignment due on gradescope on Friday 2024-02-02 is:

- [\[problem set 2\]](#) [\[pdf\]](#)

Here are the jupyter notebooks for this week:

- **root finding comments** [\[via colab\]](#) [\[download notebook\]](#) [\[pdf\]](#)
  - **Linear programs and optimization** [\[via colab\]](#) [\[download notebook\]](#) [\[pdf\]](#)
  - [...*I may add some more before Wednesday...*]
-
